EPIC STORY OF 5 HEROES A long, long time ago, the continent between the two worlds was populated by four races: the Humans, the Elves, the Dwarves, and the Dragons. The Dragons lived deep underground and were continually squabbling, while the Elves were content and lived peacefully with the Humans in the land of Gwydion. The Dwarves lived underground as well, in the harsh and dark region of Gwynivere, and had their own culture separate from the other three races. All of these races were happy and well-lived, and they stood united against the single, most destructive race that was threatening their very existence… THE EVIL DRAGON KING. The Kings of the Dragon Kingdom grumbled, creating discord between them and when, one day, the Dragon King became incensed at the Elf King, he demanded that he be executed. As the Dragon King was marching to the execution, Gwydion, the Dwarf King, defeated the Dragon King in battle and, true to his agreement with the Elf King, spared his life. However, the Dragon King was still intent on revenge. He challenged Gwydion to a duel and, on the battlefield, he defeated Gwydion with one blow. The Elf King, all that time, retreated to his palace in the city of Benue-le-Rabatz, leading the Dwarf King to become the new and rightful ruler of the people, thus starting the saga of the five Heroes. EPIC MYTHICAL LORE. Long time ago, an evil dragon king dwelt in his mountain palace, surrounded by his three commanders. Every day, he summoned three apprentices to meet with him, choosing one to be his right-hand man. The evil Dragon King has one goal: to fulfill the prophecy that he would be called the "saviour of the world." In order to accomplish this, he seeks to rule the world with absolute power. The good prince of the prophecy has one hope: to defeat the evil Dragon King. In order to try and harness the power he has received, he has sent his three beloved princely sons to look for his lost daughter who had been taken by the one who possesses a mysterious power. The young prince is about to begin his journey when the evil Dragon King captures the three princes and kills them in front of his army. With the sons dead, the evil Dragon King lets his anger and jealousy
