Comments on: Inside the Mind of the Australian Professional Photographer Sat, 03 Jan 2013 16:12:09 -0800 Sat, 03 Jan 2013 16:12:09 -0800 are here Chaoying Yang to help revise China's environmental laws Thu, 07/26/2011 - 11:12 By Ding Ping in Beijing Ying Maoan, head of the Earth Day Network, speaks at the Environmental Law Summit in Beijing, June 28, 2011. PHOTO: APP China's leading environmental activist, Chaoying Yang, became the first Chinese recipient of the Goldman Environmental Prize on Friday, June 30. Yang, 57, was nominated for her work to protect the environment and to promote environmentally friendly industry in her native Beijing, where she became the city's first woman chief environmental protection officer in 2002. Yang was picked for the Goldman award in the global category, recognizing individuals or organizations working to promote the cause of protecting and regenerating the environment. Last year, she also received the World Wildlife Fund's Public Interest Award in recognition of her efforts to raise environmental awareness. Yang, a graduate of U.S. universities, also serves as adviser to China's top environmental protection agency and is a recipient of the Humboldt Prize for her work. She has spent a lifetime fighting to protect the environment, and to that end has championed a national project to clean up lakes and other water bodies. Yang was a founding member 6d1f23a050
